**Job Description:**

Untethered Therapy (UTG) is seeking an experienced masters-level clinician who is mature minded, flexible, and brings a loving, positive attitude to our expert clinical team. We offer personalized, trauma-informed care that addresses specific needs using evidence-based practices and experiential therapies. Applicants who will excel at Untethered will work well with their colleagues to provide collateral and coordinated support to various parts of the family system. Additionally, they will have a thirst for knowledge as well as clinical growth and development, and a desire to share their own unique talents with the team to help us best meet the needs of our clients. This position may be fully remote, hybrid, or 100% face-to-face. We are currently seeking a clinician who will build to full-time (average of 24 clients/week).

**Mental Health Counselor Responsibilities:**

- Provide individual, family, and/or group therapy with adult and/or child consumers and their families.
- May provide education/psychological testing or referrals as relevant or needed.
- Conduct initial intake and assessment of consumers.
- Participate in treatment planning with supervisory and consultant staff.

- Establish and implement time-sensitive and effective treatment objectives with each consumer and their family when appropriate.
- Respond to emergency consultation and/or crisis as needed or required.
- Inform, instruct, and assist consumers concerning the access of appropriate community resources.
- Identify, develop, and coordinate additional supportive and case management services as relevant to assigned consumers.
- Maintains appropriate documentation for consumers. Adheres to documentation requirements established by internal policies and procedures, state/county guidelines, licensing requirements, and other applicable guidelines. Complete all clinical documentation in a manner that is timely, accurate, and meets audit-tested requirements.
- Attend monthly virtual staff meetings.

**Qualifications:**

- Master's degree in psychology, social work, or related field.
- LPC, LCSW, or LMFT preferred. LAPC, LSW, LAMFT, or pre-licensed will be considered.
- Act 33/34 Clearances and DHS FBI Clearance.
